July 2019

Dear Pastor and Church family:

Crystal and I thank you all for your faithful prayer and financial support! The longer we are on deputation, the more we see the need for prayer. We thank the Lord that we can go to Him with our need at any time and know that He will answer. We are also thankful for those who pray on our behalf. Through your prayer for us, we know that the Lord has kept us safe on the roads as we travel to the different meetings. The Lord has even worked out the timing of things so that when Crystal was sick for a few days, it happened between meetings and allowed time for recovery before going to another conference.

Deputation Update

The summer months can be slow for missionaries; however, we are thankful that our summer has been busy! For the month of July, we had meetings in Missouri, Oklahoma, and Tennessee. We were able to pick up one new supporting church this month; praise the Lord!

At the end of July, Crystal and I headed back up to Washington to be with our sending church. We returned in preparation for my ordination service which occurs the first week of August.

Praise

I had asked in a previous letter for prayer for my dad. In June, my parents returned to the states earlier than planned for a medical need. Since then, my dad had a biopsy done on his kidney; and the results came back saying that there is no cancer and no infection!! Thank you for praying!!!

Prayer Request

Please pray for our sending pastor, Pastor Bo McKenzie, as he is recovering from pneumonia. He was extremely ill this past weekend with a temperature of 107! They found a "lump" in his right lung. On August 9th, he is hoping to go in to find out what the "lump" is. Please pray that this doctor's appointment will go well and that the spot in his lung can clear up.

Thank you for your prayer and financial support!

Billy and Crystal Coley
